

The background is a light beige color with a faint, stylized world map in a darker beige tone. Scattered across the map are several topographic contour lines, some of which are more prominent than others. The title "Live Danger Map" is centered in a large, bold, black serif font.

Live Danger Map

Team R139

The background features a stylized world map in a light orange-brown hue. Overlaid on the map are several black line-art topographic outlines of landmasses, including North America, South America, Europe, and Africa. The entire composition is set against a textured, aged paper background with small brown speckles.

In times of crisis, civilians abroad face
chaos, fear, and unreliable
information.

Their most urgent question?

Where am I safe?

A stylized world map in shades of orange and brown, with a textured, watercolor-like appearance. The map is centered in the background, with the continents of North America, South America, Europe, and Africa visible. The text is overlaid on the map.

Real-time safety shouldn't be a
guessing game.

Live data

The background is a light beige, textured surface with a mottled appearance. Faint, stylized outlines of the world's continents are visible in a slightly darker shade of beige. Overlaid on this are several black line-art topographic maps of specific regions: a portion of the Arctic region in the top left, a coastal area in the top right, a portion of South America in the bottom left, and a coastal area in the bottom right. The word "Demo" is centered in a large, dark brown, serif font.
